Sarosh Lodi addressing a gathering in Canada

Azhar where he gave a summary of the working of NEDAC's Board. He specifically emphasized the excellent work of the Scholarship committee headed by Mr. Karamat Ullah, General Secretary of NEDAC.

Economic meltdown imminent, who can deny it?

(Continued from Page 9)

Who did they replace the IK regime with? The most corrupt, self-centered and incompetent regime that has nose-dived our economy.

The recent budget has no basis, all its numbers are termed as provisional. They have let loose a price hike that will make life a living hell for the poor and salaried class. Progress made in three plus years has been frittered away in less than three months. There is no respite in sight. PM Sharif embarked on fruitless trips to seek loans from friendly countries. He was

too embarrassed to reach out to China, so the Army Chief went there as a proxy. Why would China support a regime that has been expressly brought in to further its containment?

It is no longer about politics. It is the survival of the country that is at stake. The Sharifs and Zardari fulfilled their personal agendas by crippling NAB. All the stand-up officials investigating the corrupt are either dead or headed for that fate. In this age of social media all the actors within Pakistan stand totally exposed. Since Z.A Bhutto, it is for the first time that the public is unit-

ed and have seen through this unholy alliance. All was not well under PTI. I have been critical of PM IK for saddling us with Buzdar.

However, the people have gone past his failings and have united against the bigger evil. In this dangerous game of attempting to dismember Pakistan, only the masses can prevent this unholy matrimony from being consummated.

They must turn out en masse to force the hand of those in power to hold free and fair elections for Pakistan's sake.
